WWW.HENRY-LONDON.COM

PLEASE DOWNLOAD THE HENRY LONDON SMART APP TO GET STARTED.

SCAN THE QR CODE WITH YOUR SMARTPHONE CAMERA TO GO STRAIGHT TO THE APP, OR SEARCH HENRY LONDON SMART IN YOUR APP STORE.

LET'S GET STARTED...SETTING UP

To switch on, long press the power button (crown) for 3 seconds.

To switch off, when time screen is displayed, long press the power button for 3 seconds & then long press the power button or the screen to confirm the power-off.

CHARGING YOUR WATCH

Please charge your watch fully before setting up. It is time to charge your watch when it displays 'low battery'.

1. Line up the charger pins to the 2 charging spots on the back of the watch, the pins are magnetic and will secure the charger in place.
2. Plug in the USB cable to a power source. Once connected, a charging icon will appear on screen.

Note - Approx 2 hour charge time is sufficient to fully charge your smartwatch, please do not overcharge your smartwatch.

COMPATIBILITY

The Henry London App. will work with the following smartphones...

Android (version 5.0 and above)
Apple IOS (version 9.0 and above)

Please make sure the App. is the latest version and check for updates.

Bluetooth requirement 5.0. Bluetooth Range 10m.

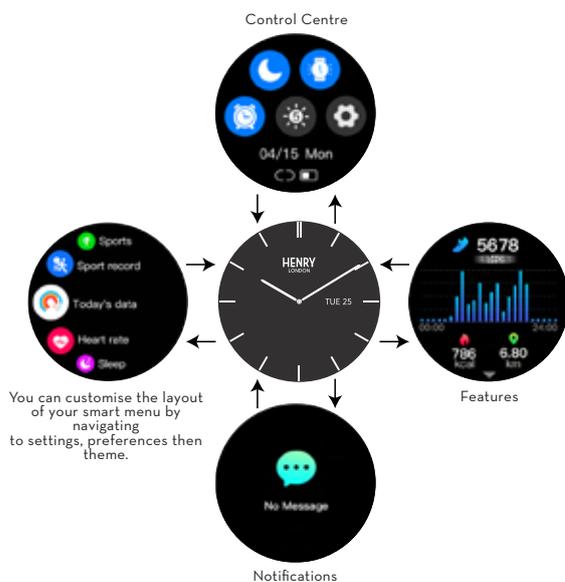

CONNECTING YOUR WATCH

Within the App Settings menu, enter 'Device Management' then 'Bind' next search for the device you wish to connect to & confirm.

Visit our website if you'd like to see our connection video guide.

FUNCTIONS NAVIGATION

You can navigate the watch by sliding left / right and up / down.

BUTTON OPERATION

SHORT PRESSING THE SIDE BUTTON:

- Unlocks the screen
- Returns to the always on dial

LONG PRESSING THE SIDE BUTTON:

- Turns on / off the watch (You can also switch off or reset the watch through the settings)

ALWAYS ON DIAL

While on the main dial, swipe down from the top and select 'Always On Display', which will allow you to switch on and select your preferred hours for this to be on. Note this will increase your battery consumption.

SELECTING YOUR DIAL

You have a range of bespoke Henry London dials to choose from. Within the App, access 'watch dial' then simply long press on the dial you want to select, it will automatically begin to transfer to your watch screen.

You can store up to six dials on your watch. To change these, delete from 'my watch faces'. Within the app, you can then select more from the watch dial section. To change your dial on your watch, press and hold the homescreen to swipe through your dials.

CUSTOMISING YOUR OWN DIAL

You can customise or select a photo from your smartphone gallery to use as your dial.

- Within the app, under device section select 'customised dial'
- Clicking the camera icon within the menu allows you to select a photo from your phones gallery and adjust to fit the dial screen.
- You can edit the display information and colours.

Wellness

Heart Rate

The watch will record your heart rate during the day if activated in settings.

Sports

To start a sport select an exercise type in the menu option and tap to enable it. To pause or stop your exercise click the crown and follow the steps on the screen.

Breathing

It is important to take a few minutes out to practice a little mindfulness, this feature helps you focus on your breathing.

Menstrual Cycle

You can easily keep a track of your menstrual cycle within the app and watch.

Reminder To Move

The device will notify to remind you to move after a period of inactivity. Note: You can edit the time, days and duration within the app.

Goals

A reminder will pop up once your goal for the chosen sport is achieved.

Sleep Tracker

If the watch is worn whilst you sleep, it will keep track of the hours slept and the quality of your sleep. Note: Sleep detection starts from 10pm to 8am the next day.

Hydration Reminder

Hydration is key to feeling your best so the smart watch will remind you it's time to drink some water at the planned time. Note: You can set the time and days within the app.

Lifestyle

Call Notifications

Receive and reject call notifications.

Alarm

Within the watch menu you can set alarms.

Find My Watch

When connected via Bluetooth, our Find Device feature will vibrate and chime to help you locate your phone or watch.

Messages

The device will sync incoming notifications and messages. Note: You can select the notifications you wish to receive in the app.

Weather Updates

The watch will display the weather when it is connected to the app.

Stopwatch

You can start and stop your stopwatch allowing you to keep track of the timings of your favourite activities.

Step Counter

The watch automatically tracks the number of steps you have taken. Note: Your movement stats reset to 0 at midnight.

Music Control

Click the music icon to enter the music playback control interface. You can select the previous/next song, as well as play/pause music, increase or decrease volume. To exit the music playback controls, swipe left to right on the screen.

Timer

A countdown timer lets you set goals and time your activities.

Camera Control

Take pictures remotely from your smart watch. Note: The phone needs to be unlocked and the app open for the watch to control the camera.

WATCH CARE

Your Henry London smartwatch is produced in stainless steel. Do not wear your smartwatch whilst applying sprays or creams. Do not allow contact with any corrosive agent e.g. paint, solvents or adhesives, as this may affect the finish of the smartwatch. Do not try to replace or disassemble the battery.

STRAP CARE

Environmental conditions can affect straps, please treat with care & limit exposure to direct heat & sunlight. Don't use chemical cleaners on your strap, avoid contact with cosmetics such as fake tan or perfumes. Clean light soiling with weak soapy water on a soft, damp cloth. Please be aware light coloured straps are prone to attract colour transfer from other materials and cosmetic substances. Please take care as discolouration of straps is not covered within the guarantee.

WATER RESISTANCE

Your watch is certified to IP67 standards. It can safely be immersed in water for up to 30 mins to a maximum depth of 1.0 Metre. We do not recommend our watches for use in salt water. Always rinse & dry your watch after any contact with water.

IMPORTANT SAFETY INFORMATION & WARNINGS

BEFORE USING THE PRODUCT, PLEASE FAMILIARISE YOURSELF WITH ALL OF THE SAFETY INFORMATION AND INSTRUCTIONS FOR USE!

BATTERY WARNINGS Do not attempt to replace the battery, open the device enclosure or disassemble your HENRY LONDON product. Doing so can result in a safety hazard. The integrated rechargeable battery cannot be removed or replaced. Substances within HENRY LONDON smartwatch battery may harm the environment or cause injury if handled or disposed of improperly. In the unlikely event of contact with battery acid, thoroughly flush the affected area with plenty of clean water and seek IMMEDIATE medical attention. When the battery is fully charged disconnect from charger, DO NOT exceed 2 hour charge time.

DEVICE WARNINGS This is a Class A product. In a domestic environment, this product may cause radio interference. In which case the user may be required to take adequate measures. Ensure your smartwatch correctly engages with the charging contacts. Before each use, please check the product for damage, do not use if the product is damaged. This is not a toy, children should not play with this product. Never attempt to open your smartwatch, this may result in danger. Protect the product from strong impacts, vibrations, direct sunlight and dirt. Do not place heavy objects on the product. Do not exert pressure on the product. Avoid strong magnetic fields e.g. loudspeakers. Salt and thermal water can lead to the corrosion of metal parts. Remove the product before using saunas as the temperature difference can cause condensation. Do not operate the product near heat sources e.g. radiators or other devices emitting heat. Do not cover the product during operation or charging. Never use the product on aeroplanes, in hospitals, service rooms, or near medical electronic systems. The wireless signals transmitted could impact the functionality of sensitive electronics. Do not use your HENRY LONDON product if the display is cracked. Do not expose your HENRY LONDON product to extremely high or low temperatures. Do not use abrasive cleaners to clean your HENRY LONDON product. Remove your HENRY LONDON product immediately if it feels warm or hot. Do not attempt to wear or operate your HENRY LONDON product whilst charging. Do not charge your HENRY LONDON product if wet. Do not check notifications or other applications on the products display while driving or in other situations where distractions could be hazardous. Always be aware of your surroundings when using HENRY LONDON products and services. Ensure your smartwatch is removed at regular intervals for gentle cleaning.

OUR GUARANTEE

This smartwatch is produced using premium materials and is fully tested before leaving our manufacturing centre.

Your watch is guaranteed against any defective parts & construction for 2 years from the date of purchase. Your guarantee is only valid if you present your original receipt when returning the item. This guarantee provides you with rights in addition to your consumer statutory rights and therefore does not limit your statutory rights.

Please note this guarantee does not cover lenses, bands, straps or bracelets, water penetration or batteries. Additionally, breakages caused by accident or maltreatment are not covered.

We hope you'll love your watch, but if you do have any problems please contact us and we'll guide you through the guarantee process.

HEALTH WARNINGS

HENRY LONDON smartwatches contain components that emit electromagnetic fields, with some of the models containing a magnetic charging dock, please be aware that these models contain magnets. These electromagnetic fields and magnets may interfere with medical devices, such as pacemakers and implanted defibrillators. Please consult your doctor and medical device manufacturer if you use any medical device before using a HENRY LONDON smartwatch. Smartwatches use multi-axis inertial sensors called accelerometers. These detect wrist movement in order to measure steps. However, some wrist actions whilst standing or sitting can mimic the arm movement of a step and can therefore falsely record steps. The step count recorded each day should be used as a guide only.

In the case of material damage or personal injury caused by incorrect handling or non-compliance with the safety instructions, no liability can be accepted by HENRY LONDON. If you have any questions or concerns, please contact us, you'll find our contact details on this leaflet.
